We'll See You In New Orleans at the ChemLine® Exhibit

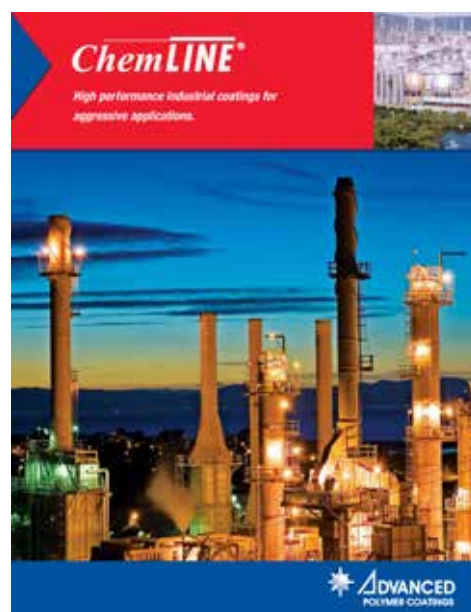

NACE International is the leader in the corrosion control community, and is recognized worldwide as the premier authority for corrosion

CORROSION 2017
Conference & Expo

solutions. CORROSION 2017 in New Orleans brings together more than 6,000 leaders to discuss the latest technologies and issues, and make decisions on the most effective means of corrosion prevention.

Advanced Polymer Coatings will present its line of ChemLine® high performance coatings that offer excellent chemical resistance. These coatings are ideal in a range of demanding lining and protective applications for:

- OTR Road, Rail & Barge Transportation
- Tank (ISO) Containers
- Chemical Processing
- Pipelines
- Petroleum & Refining
- Tank Storage & Terminals
- Power Generation

For more information, visit: the [NACE website](#).
